

## 1. ALVARADO GREFA FRANK 10/10

The screenshot displays the MongoDB Atlas web interface. At the top, the navigation bar includes the Atlas logo, a user profile dropdown for 'Frank Marco', and links to 'Access Manager' and 'Billing'. The main header shows 'Project 0' and tabs for 'Data Services', 'App Services', and 'Charts'. A left-hand sidebar lists various services under 'DEPLOYMENT' (Database, Data Lake) and 'SERVICES' (Device & Edge Sync, Triggers, Data API, Data Federation, Atlas Search, Stream Processing, Migration), as well as 'SECURITY' (Quickstart, Backup, Database Access, Network Access). The main content area is titled 'Overview' and features a blue banner stating 'We are deploying your changes (current action: configuring MongoDB)'. Below this, it shows 'FRANK MARCO'S ORG - 2024-07-02 > PROJECT 0'. The 'Clusters' section highlights 'Cluster0' with a 'Create cluster' button and a success message: 'Sample Dataset successfully loaded! Browse this collection.' It includes 'Connect' and 'Edit configuration' buttons, and links to 'Browse collections' and 'View monitoring'. The 'Application Development' section at the bottom has a 'Get connection string' button. On the right, a 'Toolbar' and 'Featured Resources' (under 'JAVA' and 'LEARN') are visible, along with 'Sample Apps'.
